### LITTLE JOTTINGS BY THE WAY.

Mr. Geo. Sleet, a tenant of Mr. Colon M. Jones, shot and killed a crane, on Friday, which measured six feet from tip to tip of its wings, and was about seven feet high.

Things were made lively on the St. Clair street bridge, on Saturday, when a street car, a wagon load of cheering children and a hack came together. The horses attached to the carriage became alarmed and backed around breaking the tongue of the hack. Gentlemen passing assisted the driver to control the horses, and thus prevented further damage. The belonged to Mr. L. S. Graham and were conveying passengers from the new Capitol grounds back into the city. Things looked decidedly scary for a while.

The pickpocket was considerably in evidence on Saturday in the big crowd. Maj. Cabell Bullock, Dr. J. R. McKee, Mr. Geo. P. McCann, Mr. ———— Sudduth, and a number of others, whose names we did not learn, were "touched" for various sums, none, however, over \$25. In the big crowd it was "dead easy" for the light-fingered gentry.

Another delightful excursion will be run by the F. & C. and Q. & C. Railways to Cincinnati tomorrow. The fare is only \$1.25 for the round trip. See ad. for particulars.

The County Unit Law having become effective, the Anti-Saloon League are arranging to have an election held to prohibit the sale of liquors in nearly every county in the State.

Harrodsburg went "dry" last week by a majority of 808 votes.

Even the colored ward went 60 against whisky.

The Second Regiment Band just "did themselves proud" on Saturday. Their music was simply fine. It is second to no band in the State. Our big friend, Capt. John Brady, looked "too cute," with his big bear skin hat on.

Miss M. Willie Ross, of Louisville, rendered delightful music on the violin at the First Baptist Church, on Sunday night. She held the big audience present in profound attention. There was not a single false note in her performance.

We are glad to be able to say that there was but very, very little drunkenness evident in the big crowd on Saturday and no disorder. It is a thing for congratulation.

The lively stables were crowded with horses and vehicles of all kinds, and, owing to their careful management every thing went off smoothly and nicely.

Henry county held an election under the County Unit Local Option Law, on Saturday last, and went "dry" 1,200 majority.

It will be remembered that a recently released convict from Knox county, by the name of General Williams, was tried for larceny in the county court about two weeks since because he had declared he was going to return home and kill the man who had testified against him when he was sent up. Williams attempted to carry out his threat on Saturday and succeeded in wounding the man, but was himself, and his chum (who was with him), killed in resisting arrest by the sheriff and posse in Knox county.

The handsome property known

as "Point Breeze," overlooking the city and the new capitol, from the south, was sold by Messrs. L. B. Marshall & Co., real estate agents, to a syndicate, on Monday, for the neat sum of \$20,000. The purpose of the syndicate is to divide the property into good-sized building lots.

Hon. John M. Patterson, the Governor of Ohio, elected last fall, died at his home in Milford, a suburb of Cincinnati, on Monday last. He was an upright, honorable, Christian gentleman, and will be a great loss to his State. He was a leading member of the Methodist Church. His health had been poor for a long time, and it was a great mistake his undertaking the campaign for Governor.

The infamous outrages perpetrated upon the Jews in Russia still continue. No wonder that country is in the throes of anarchy and dissolution. The curse of an avenging God is surely falling upon Russia for allowing such things.

Our farmers are complaining of "too much rain," just as they were about "everything will be ruined for want of rain" about two weeks ago.

The forty-sixth star has been added to the field of "Old Glory's" galaxy of stars. President Roosevelt has signed the bill admitting Oklahoma and Indian Territory as the State of Oklahoma. There was great rejoicing when the news was received in those territories.

The small town of Tyrone, Anderson county, went "wet," on Monday, by a vote of 147 to 24. Two big distilleries in the town and two near by employ about all the inhabitants of the town.

A singular thing happened to

Mr. Jos. H. Sheets, last week. He lives in the Benson neighborhood. Thirty-three years ago he was married, and that day gave to his wife a heavy gold ring, with the inscription on the inside "Joe to Sallie." Shortly after their marriage Mrs. Sheets was so unfortunate as to lose the ring. She searched everywhere for it without avail. Last week Mr. Sheets was doing some work near a hen-house and saw something shining on the ground. He went and picked it up and found that it was the ring which his first wife had lost thirty-three years before. It was bright and in good condition. The good woman has been dead many years.

Judge Thos. H. Paynter, now Judge of the Court of Appeals, and recently elected U. S. Senator, has informed the Governor that he will resign his position on the Appellate bench August 1st. The Governor has announced that Judge J. M. Lassing, of the Boone Circuit Court, will be appointed to serve until another judge can be elected in November.

This is in accord with the program as announced when Judge Paynter was elected Senator.

Jesse Turner, a colored youth, stole a bicycle from Mr. Steele Reading, and was arrested by Officer H. Davis Harrod, on Tuesday. Turner sold the bike to Mr. Gordon, the second-hand man, and then went to Mr. Reading's store and paid him a bill for a quarter, which he owed him.

Chairman John D. Griffin has issued a call for a Democratic Mass Meeting to appoint delegates to the Seventh District Democratic Convention to nominate a candidate for Congress. The mass meeting will be held at the courthouse on Tuesday, July 10th.

Mrs. Kate W. Buckley has sold one-half of her lot, on Ann street, to Mr. W. J. Williams, the laundry man, consideration \$1,700.

### A MIRACULOUS CURE.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parent and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." Is the up-to-date blood medicine and body building tonic. Guaranteed. 50c and \$1.00 at all druggists.

### UP-TO-DATE SERVICE.

We can not too highly commend the service rendered by the Traction Company on Saturday last. Every car was put in service to the new capitol grounds, and the cars ran promptly and regularly.

Mr. John D. Sallee certainly has proved the right man in the right place, and Frankfort now has a street car service, in fact as well as in name.

### SUPERIORITY PROVES ITSELF.

The sincerest tribute that can be paid to superiority is imitation. The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chafed skin, eczema, tetter, cuts, bruises, boils and piles. Highly recommended and reliable. Sold by J. W. Gayle.

# "Farmers"

[For the Roundabout.]  
CONSUMPTION.

I.  
The skies were blue, all hearts were true,  
And loyal dames in white attire;  
Perfume of roses filled the air,  
And nature seemed so fair—so fair,  
The day prepared to be admired!

II.  
The colors red waved overhead,  
"Old glory" floated far and wide;  
The music rang in cadence grand,  
Kentucky's children greeted the sound,  
"Home-Coming" gladly replied!

III.  
Those crowned heads of white and gray,  
Bowed reverently—the prayer was glad;  
Each voice proclaimed the message sweet,  
The ages ever shall repeat—  
Life's history, so brave—so sad.

IV.  
The trowel silver shining, bright,  
Touched mortar to the concrete stone;  
By hand of Governor Beckham: He  
Was voiced by roar of musketry,  
And cannon's roar of "Home Sweet Home."

V.  
It was an hour of glorious power,  
Kentucky's greatness set in state;  
Her love, her honor, filled each heart,  
Her capital a glorious sight—  
Of freedom's soil inviolate!

VI.  
Historic town no longer bound,  
Has risen in her might to-day;  
From mountain, meadowland and hill,  
Kentuckians are loyal still,  
Forever and for aye.

### FOURTH OF JULY AT LEXINGTON.

How are you going to celebrate the Fourth of July?  
By going to Lexington, of course.  
That is just what they all say.  
Everybody wants to see the big airship make its flight and strive

for the world's record for long distance aerial flights.

At great expense Prof. Leslie B. Haddock, of Haverhill, Mass., has been engaged to bring his "triumph of the air," the famous airship, "Bullit," and in the presence of all the spectators he will cause the big machine to rise from the ground to the height of 2,000 feet, fly over the city of Lexington, encircle about it, return and descend to the starting point, guiding and controlling the bird-like vehicle at will.

Prof. Haddock is now at New Orleans filling an engagement in that city. He will leave for Lexington June 27th on a special train, carrying himself, his assistants and the big ship. This is to give him ample time to prepare everything for the flight through the air. He will show the people of Kentucky that the problem of aerial navigation has been solved. He holds the world's record for 32 miles and will make an effort to lower it here.

Now a word about the airship itself. It is the most wonderful and most powerful airship ever constructed. The silk envelope is 90 feet long and 40 feet in diameter. It has a gas capacity of 20,000 cubic feet. The passenger car is 45 feet long and has a carrying capacity of 1,500 pounds. The motive power is derived from an engine of special design, two-cylinder, four-cycle type, hydro-carbonate, with ten-horse power. It is built principally of aluminum and steel, weighs 72 pounds and has a revolution of 2,500 per minute. The entire ship is steered by a long, silken rudder and can turn a complete circle within two lengths of the ship itself. The machine, when ready for flight, weighs 800 pounds.

Most people have read about airships and the wonders they can and have accomplished. Here is an opportunity to see one in actual operation and watch its marvellous flight through the air. It is the first ever brought to Kentucky, and it will be a treat no one can afford to miss.

In addition to this big attraction, which is enough in itself, there will be running races, trotting races, bicycle races, dancing, music, the latter furnished by a band and orchestra, fireworks and numerous features brought together at great expense. The principal object is to supply the means for a general celebration of the Nation's birthday that is out of the ordinary, interesting and attractive.

The entire program will be opened with a monster parade in

which several bands will take part. In this parade there will be merchants and manufacturers floats of beautiful design, civic bodies in line, fraternal organizations and the military. The parade will furnish many humorous features, and it will be carried through the principal streets of the city to the Fair Grounds.

No one can afford to miss this treat. Get in the band wagon and join the hosts that will move in Lexington on that day. For further information address the Lexington Amusement Co., 115 South Mill Street, or John R. Charlesworth, Press Agent.

### A GREAT GATHERING OF SUNDAY-SCHOOL WORKERS.

Next Friday, June 29th, at Bridgeport, the Sunday-school workers will gather from all over the county. There is yet time for schools to elect delegates and send report if they have not already done so. The program will be on at 9:45 a. m., and all are urged to be present and stay till the close at 4 p. m.

State Worker, Rev. C. C. Green, of Louisville, an expert in Sunday-school work, will have general charge of the services. Look for complete program on another page of this issue of the Roundabout. It is greatly desired that every school in the county be represented at this convention.

Lots in Frankfort.

I have caused my land on Arlington Heights, extending from the State Arsenal lot east to Mr. Riddell's lot, laid out on the ground in convenient lots fronting on new avenues to be opened as and when the lots shall be sold; and I have at my office a plat made by R. A. Frazier, City Engineer, showing the location and dimensions of the lots and proposed streets and alleys, to which I invite the attention of those desiring to purchase lots for residence purposes.

The Water Co. and Gas Co. will extend their mains as the lots are sold, and sewer connection can be readily made.

The location of these lots can not be surpassed for healthfulness and the beauty of scenery.

I will take pleasure in showing the lots to all persons desiring to purchase, and will make known the prices and terms of sale on application to me.

87-2m JOHN B. LINDSEY.

### STAMPING GROUND.

Mrs. Beatrice Drayl, of Cincinnati, visited here last Saturday.

Mrs. Solie Ann Glass, who is 92 years of age, attended church on Sunday last. She is enjoying remarkably good health. She is also the next to the oldest person in our community. Miss Clarissa Owen is 90 years old.

Hon. J. C. C. Black, of Augusta, Ga., but formerly of this place, was one of the Home-Comers. He is enjoying fine health.

Mr. Henderson Hawkins, Mr. Thos. R. Hill, wife and daughter, of Petersburg, Mo., attended the "Home-Coming" ceremonies in Louisville last week and afterwards visited Rev. G. W. Hill. This is the first time Mr. Hill has been in Kentucky in 10 years.

A unfortunate accident caused Mr. J. E. Perry to lose all four fingers of his left hand. On Thursday last his hand was caught in the planing machine at his carpenter shop, and the fingers so badly mangled, that Dr. John A. Lewis, of Georgetown, was forced to amputate them at the knuckles.

## The Frankfort Roundabout

Entered at the post-office at Frankfort, Ky. as second-class mailable matter.

GEO. A. LEWIS, Pro'r and Pub.

FRANKFORT, JUNE 23, 1906

CORNERSTONE Laid

Tremendous Crowd From All Parts of the State and Country Present.

Saturday last was an ideal day for the ceremonies attendant upon the laying of the cornerstone of the new Capitol.

Under the direction of Chief Marshal John W. Milam, the procession was formed on Broadway street at about 11:15 o'clock a. m. (the formation being delayed on account of the non-arrival of the trains with distinguished visitors on board).

After the various bodies had been arranged in order the line of march, as given in our last issue, was followed, terminating at the new Capitol.

Gen. D. W. Lindsey, as master of ceremonies, outlined the proceedings, and called upon the chorus of 200 voices, under the leadership of Mr. J. S. Weathers, to sing "America." The Second Regiment Band led the music, and as the beautiful words rang out from the vast crowd, it was a scene that stirred the hearts of all.

At the conclusion of the song, Rev. Dr. J. McC. Blainey, of Danville (former pastor of the First Presbyterian Church, of this city, and one of the most efficient of the famous citizens' committee on the capital question), invoked the Divine blessing.

Hon. H. V. McChesney, Secretary of State, and one of the Capitol Commission, then delivered a brilliant and able address.

At the conclusion of this address, after "Dixie," by the band, Hon. William Lindsay, ex-Senator and ex-Chief Justice of the Court of Appeals (now a resident of New York City), made an able scholarly and eloquent address, worthy of the man and the occasion, in which he urged the Kentucky of to-day to keep high the standard of loyalty, liberty-loving and law-abiding citizenship.

At the conclusion of Judge Lindsay's oration, the cornerstone was laid by Gov. J. C. W. Beckham, after a brief and appropriate address, he using the silver trowel furnished by Mr. Frank G. Stagg.

Dr. E. E. Hume, Mayor of Frankfort, deposited the copper box, containing the following articles, in the receptacle designed for it:

Docket of the Court of Appeals. Official Manual of Kentucky, containing list of members of the Legislature that voted for the Capitol Appropriation.

List of attorneys of the Frankfort bar, 1906.

List of churches of Frankfort and their ministers.

Roster of physicians of Frankfort and Franklin county.

List of city officials of Frankfort.

## Jaws

Tightly Locked From Nervous Spasms.

Physicians Could Not Prevent Fits.

Dr. Miles' Nervine Cured My Wife.

Dr. Miles' Nervine has been successfully tried in thousands of cases of nervous disorders, but never has it made a better record than when used in the treatment of fits or spasms. Thousands of testimonials prove this, and in nearly every instance the writer has stated that the fits ceased after the first dose of Nervine was given. The statement is repeated in the following:

"Seven years ago my wife commenced having spasms or fits and I called in my home physician and he said she was paralyzed. He rubbed her with salt water and gave her calomel and she eventually got some better, but in a short time she had another attack. She was confined to her bed for three months and the doctor could not help her. She had fits frequently, some times very severe. Her hands would clasp so we could not open them and she finally got so her jaws would become locked. Finally I saw the doctor was doing her no good and ordered a bottle of Dr. Miles' Restorative Nervine. She received so much benefit from the first bottle that I got some more. She has taken a number of bottles but has never had a fit since taking the first dose. She also thinks very highly of Dr. Miles' Nerve and Liver Pills and is never without them. If there is any way of making this testimonial stronger do so because of the good the Dr. Miles' Restorative Nervine did my wife."—Wm. V. Allen, F. M., Ellettsville, Ind.

After the cup to the cornerstone had been duly placed, Gov. Beckham spreading the mortar, Ex-Gov. and Senator Jas. B. McCrory made a short and eloquent address.

The choir and band then sang "My Old Kentucky Home," closing amid tumultuous applause.

Rev. C. R. Hudson, pastor of

the Christian Church, pronounced the benediction, and the tremendous crowd melted away as if by magic.

Altogether it was a red letter day for Frankfort and her dear people.

True Kentucky hospitality was extended on all hands. Numbers of our good women prepared to entertain five or six times as many people as came to their homes. This last was owing, to a great degree, to the fact that the exercises lasted until the special train for Louisville, which had brought a big crowd, was scheduled to leave and the excursionists could not remain to enjoy the genuine Frankfort hospitality.

It was a source of great regret that the venerable and beloved ex-Gov. P. H. Leslie, who was present, could not remain to make even a short address, but was called away to attend the closing of the "Home-Coming" exercises in Louisville.

The luncheon at the Elks Home, prepared by the ladies committee, would have fed five times as many persons as actually attended.

The crowd present was estimated (leaving out home people) at from 15,000 to 20,000 people, and was the largest ever present here except on "Centennial Day," and the inauguration of Gov. W. O. Bradley in 1890.

### A WESTERN WONDER

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only one Cough and Cold cure. Guaranteed by all druggists. 50c. and \$1.00. Trial bottle free.

### DANGEROUSLY SHOT.

While Mr. Clay Smith, son of Mr. Jas. F. Smith (a city letter carrier), was cleaning a pistol, on Sunday afternoon, it was accidentally discharged, inflicting a dangerous wound in the right side, just above the hip bone.

Drs. James and Goodrich were summoned and did all they could for the young man, but were unable to locate the ball.

### NARROW ESCAPE FROM DEATH.

On Saturday last the two little boys of Mr. B. Todd Crutcher, of this office, John and Todd, and their little cousin, Robert McKinney, partook of canned salmon and ice cream, at the residence of Mrs. M. B. McKinney, in this city, and were taken violently ill in a short while.

Dr. Flora Mastin was immediately summoned and worked with the little fellows for several hours and finally relieved them, although the little McKinney boy and Mr. Crutcher's youngest child, Todd, came very near to death.

Potomine poison, was ascribed as the cause by Dr. Mastin.

But for the fact that Dr. Mastin was on hand quickly with proper remedies all three of the children would have died.

It was a very narrow escape even then.

### READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the great schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as leucorrhea, throat and lung diseases except consumption, accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Horehound, Stone root, Mandrake root and Queen's root, which are highly praised as remedies for all the above mentioned ailments by such eminent medical writers as Dr. J. C. F. Bartholow, of Jefferson Med. College; Prof. Hays, of the Univ. of Pa.; Prof. E. H. Ellingwood, M. D., of Bennett Med. College, Chicago; Dr. John King, M. D., late of Cincinnati; Dr. John M. Sessler, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, while reduced glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all such ailments as bronchitis, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glycerine extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

## Y. M. C. A. BANQUET.

Fine Audience and Witty and Appropriate Addresses.

The third annual banquet of the Y. M. C. A. was held in the gymnasium in the Masonic Temple, on Tuesday night. There was a fine attendance of members, both senior and junior, and of invited guests.

Rev. T. F. Taliaferro made the invocation.

A dainty and appetizing lunch was prepared and served by the Ladies Committee of the organization. But one or two "old bald heads" found it difficult to get away with the dainties while the handsome corps of girls were serving it.

At the close of the spread, Rev. Edwin Kugin, was called upon to act as toastmaster, in the absence of the Rev. J. M. Severance, of Georgetown, and right well did he discharge the duties, his remarks being witty and to the point, and were highly enjoyed.

The first speaker was Mr. L. W. Morris, and his theme, "The Purpose and Objects of the Y. M. C. A. A." He handled his subject with intelligence and force, showing the power of this organization for good, and urged enlarged facilities for its work.

Mr. Jas. T. Buford was the next speaker, and handled his theme, "Our Opportunity," with the same skill and energy with which he did his race for county attorney. He urged, in earnest words, the building of suitable quarters for the Association and the establishment of such associations throughout the State.

Mr. W. C. Marshall spoke on "The Advantages of the Y. M. C. A. to the Young Men," and spoke with vigor and logic, setting forth the great good that flows from acceptable Y. M. C. A. work.

Mr. Geo. T. Davis responded to the topic "Y. M. C. A. as a Moral Factor in the Community," showing the vast need and the undoubted power of such an organization to draw young men away from improper associations and help them to lead clean and upright lives.

Mr. M. R. Todd responded to "Future of the Y. M. C. A.," and indulged in some witty remarks as to the other speakers having stolen his thunder. He showed how such smaller cities as Georgetown, Versailles, Paris and Midway now own or were erecting their own buildings, and urged the vital importance of this Association putting itself into position to do the work of the future by having a building of its own, specially adapted for the work. He gracefully complimented the ladies for their work.

Rev. Wm. Crowe made the closing address, and it was a gem, as it always is when this brilliant young preacher occupies the platform. His theme was "The Relation of the Young Man to the Church and the Association." He commended, in eloquent words, the work of the Association, and united with the other speakers in urging enlarged facilities for the work. His remarks, as were those of all the speakers, were interspersed with humorous and telling anecdotes.

After a rising vote of thanks to the ladies, the most successful of all the banquets given by the Association closed at 11 o'clock.

#### SAN FRANCISCO'S SCHOOL SITUATION.

Thirty-four schools were burned  
after the earthquake of April 18,  
1906. As a consequence more  
than four hundred teachers and  
twenty thousand children have no  
class rooms.

The great destruction of prop-  
erty, the extraordinary demands  
upon the public purse in every  
direction, and the absorption of  
individuals and officials in their  
special interests, leave the school  
authorities confronted with the  
prospect of interminable delay in  
the erection of new buildings  
unless outside aid is secured.

The following telegram was re-  
ceived while the great fire was  
raging, and the offer therein was  
graciously accepted:

"Galveston, Texas.,  
"April 20, 1906.  
"A. Roncovieri, Supt. Public  
Schools, San Francisco, Cal.—  
Galveston public schools were re-  
built and maintained after the  
great storm of 1900 by voluntary  
contributions from the school  
children of the United States.  
Will you accept contributions  
from Galveston school children to  
aid in restoring your public  
schools. Answer.

"I. LOVENBERG,  
"Supt. Schools.  
"JOHN W. HOPKINS,  
"Pres. School Board."

Many other generous subscrip-  
tions have been received, and in  
order that this movement may  
become known, the Mayor, the  
Board of Education and Superin-  
tendent of Schools have been con-  
stituted a committee to be called  
the School Reconstruction Com-  
mittee, empowered to receive such  
subscriptions as may be tendered  
for the purpose of rebuilding our  
destroyed schools.

For the present, schools are  
being conducted in tents furnished  
by the U. S. military authorities  
in Golden Gate Park. Soldiers  
serve as transient officers; a drill-  
sergeant puts the boys through  
setting-up exercises. Stow Lake  
furnishes opportunity for swim-  
ming lessons, so that the boys and  
girls are enjoying the summer  
season; but the cold winds of the  
winter season and the driving  
rain will transform this enjoy-  
ment to misery. Temporary  
structures must be utilized, but  
the great need is expedition in the  
erection of our permanent school-  
houses.

The first cash contribution came  
from the boys and girls of Broken  
Arrow, Creek Nation, Indian Ter-  
ritory—a beautiful illustration of  
the kinship of the peoples of our  
beloved country.

Portland, Oregon, has sent us  
word that her citizens will build  
for us a school building to be  
named the Portland School.

San Francisco is a cosmopolitan  
city to a degree hardly appreciated  
beyond her gates, except by those  
thousands of tourists who have  
learned to love our beautiful city

by the Golden Gate through a  
brief sojourn in our midst. The  
world, therefore, has an interest  
in us to an unusual extent, and  
we confidently await the assist-  
ance we so sorely need.

These are the facts:  
Thirty-four buildings destroyed.  
General impairment of finances.  
\$8,000,000 needed to rebuild  
schoolhouses.

More than 400 teachers without  
employment.

Over 20,000 children without  
school accommodation.  
The School Reconstruction  
Committee stands ready to supply  
printed matter, plans for raising  
funds in schools, cities, counties,  
or States; will furnish literary  
articles for educational publica-  
tions and assist in every way the  
general movement to rebuild San  
Francisco's schoolhouses.

The School Reconstruction Com-  
mittee has its headquarters in the  
Emerson School Building, Pine  
and Scott streets, San Francisco,  
where all communications should  
be addressed. Each and every  
one into whose hands this appeal  
may come is asked to further this  
movement by all means in his  
power.

EUGENE E. SCHMIDT,  
Mayor.

AARON ALTMANN,  
Pres. Board of Education.  
ALFRED RONCOVIERI,  
Supt. of Schools.  
Finance Committee of School Re-  
construction Committee.

#### INDIGESTION'S RECORD

"The best remedy I can prescribe for your in-  
digestion, madam, is Green's August Flower.  
I know of several other physicians who pre-  
scribe it regularly."

Indigestion is making an awful record  
as a cause of sudden deaths. It is beat-  
ing heart failure in its ghastly harvest.

You read in the papers daily of appar-  
ently healthy and even robust men being  
suddenly attacked with acute indigestion  
after enjoying a hearty meal, and of their  
dying in many cases before a physician  
could be called in.

This should be a warning to you who  
suffer with regular or periodical attacks  
of indigestion. If these unfortunate vic-  
tims of acute indigestion had taken a  
small dose of Green's August Flower be-  
fore or after their meals they would not  
have fallen a prey to such sudden seizures.

August Flower prevents indigestion by  
creating good digestion. It also regulates  
the liver, purifies the blood and tones up  
the entire system in a natural way.

Two sizes, 50c and 75c. All druggists.
